DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: reference numeral "70" to designate the "conventional pulse sequence". Also, Figure 2 (top or left) should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
2. The examiner suggests that the two pulse sequences shown in Fig.2 be designated separately as Fig.2a and 2b respectively. Note that if this suggestion is adopted, the specification (including the Brief description of the drawings should be amended to reflect this change and be consistent with the same.

Allowable Subject Matter

3. Claims 1-30 are allowed.

Art Unit: 2859

4. The following is a statement of reasons for the indication of allowable subject matter: The prior art considered does not disclose or fairly suggest the combined use of non-selective preparation pulses with notched preparation pulses in a sequence for Magnetic Resonance data acquisition.

5. This application is in condition for allowance except for the following formal matters:

Correction of Fig. 2.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
